

deessa  
FOUNDATION

## deessa Foundation:

Envisions fostering an educational environment where every child—regardless of their abilities—can thrive. All our initiatives align with our central theme:

"Acceptance for All: Embracing Diversity in Education."

### Mission

Fostering Inclusivity through Awareness, Advocacy, and Education

# Overview:

deessa Foundation is a dedicated non-profit organization with a mission to create a truly inclusive society for children with disabilities, with a particular focus on autism, in Nepal. Our core work centers around raising awareness, building capacity, advocating for policy reforms, and providing accessible resources that support inclusive education for all. Through our initiatives, we aim to dismantle societal stigmas and build a more accepting, disability-friendly environment across schools, communities, and public spaces.

# Key Initiatives:

## Awareness Campaigns

Engaging the public through social media, podcasts, community events, and public dialogues to raise awareness about children with disabilities—with a strong emphasis on autism—and to promote acceptance and inclusion for all.

## Capacity Building

Equipping educators, healthcare professionals, and caregivers with the skills and knowledge necessary to support children with diverse disabilities, including autism. We focus on training and development programs to improve understanding of neurodiversity and inclusive education practices.

## Knowledge & Resource Hub

Developing a comprehensive platform that offers accessible resource materials tailored for parents, educators, and practitioners working with children with disabilities. This initiative aims to bridge the information gap and provide ongoing support to families and professionals.

## Advocacy and Policy Reforms

Driving efforts to influence policy changes that promote inclusive and disability-friendly environments in schools, homes, and public spaces. Our advocacy campaigns aim to secure the rights of neurodiverse and disabled children and create institutional support for inclusion.
